

SUPREME

DIAMOND V

Fast Dry Time
Energy Efficient
Quiet

Fast Dry, Energy Efficient

High performing 820W digital brushless motor delivers high intensity warm air to dry hands in just 12 seconds.

Aviation Aluminium Cover, Anodised Finish

The smooth sparkly exterior delivers a refined aesthetic, complementing the look of any washroom.

Selectable Heater Option

Offers the ability to have toasty warm air in winter and cool air in summer at the flick of a switch.

Infrared Sensor with Blue Light Assist

A blue light underneath senses movement, to assist activation in darker spaces.

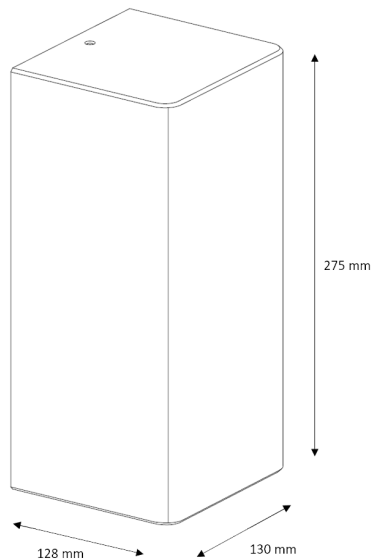

SUPREME

DIAMOND V III

Supreme's Diamond-V high-spec aviation aluminium and beautiful anodising makes for a tasteful, minimal aesthetic.

When space and style are key considerations, SPL's Supreme Diamond-V is right on-point.
