<b>Relevant building code clauses:</b>	
<p>B2 Durability - B2.3.2(c)</p> <p>F2 Hazardous Building Materials - F2.3.1</p> <p>G1 Personal Hygiene –</p> <ul style="list-style-type: none"> <li>- G1.3.2(a), G1.3.4</li> </ul> <p>G12 Water Supplies -</p> <ul style="list-style-type: none"> <li>- G12.3.2(c)</li> <li>- G12.3.7(c)</li> </ul>	

- G12.3.10

**Statement on how the building product is expected to contribute to compliance:**

**B2 Durability**

- This wall mounted time flow tap is a fixture that can be easily inspected, accessed and maintained (without the removal of other building materials that have greater durability/life expectancy)

**F2 Hazardous Building Materials**

- This time flow tap has chrome plated brass construction that will not emit harmful concentrations of any substances that is exposed (Lead Free brass).

**G1 Personal Hygiene**

- This faucet is designed for sanitisation (hand washing) with cold or tempered water.

**G12 Water supplies**

- This product is constructed from materials that will not contaminate the water as per European Standards.
- This wall mounted time flow tap allows reasonable access to components that may require periodic maintenance and/or repair.

**Limitations on the use of the building product:**

- Destined for cold or premixed water (temperature can be regulated via thermostatic mixing valve – not included) - 5-70 degrees C
- Suitable for mains pressure (or pumped). Inlet pressure range 0.5 – 6 bar (50 -600 kPa)

**Note:**

- 500 kPa maximum working pressure at any outlet within a building is a requirement of NZBC G12/VM1- AS/NZS 3500.1 & AS/NZS 3500.4.
- Not suitable for low/unequal/gravity feed systems.
- Water used primarily for personal hygiene should not exceed 50°C

**Design requirements that would support the use of the building product:**

- Water efficient 4.0L /min 6 Star WELS rating IANZ tested
- Single temperature use (cold or premixed) which can be regulated via a thermostatic mixing valve - Lead Free thermostatic mixing valve available from SPL
- Isolating taps (angle valves) must be fitted to the water supplies (not supplied)
- Replacement parts readily available at SPL warehouse (NZ)

**Installation and Maintenance requirements:**

All Supreme tapware must be used, installed and maintained in accordance with all information supplied by SPL Washrooms.

Please refer to 'Installation Manual' in the downloads section of the website
